

## How to find the Keel lab at the University of Lausanne

Enter the Biophore building on level 2 (see arrow and path from UNIL-Sorge metro station below) and cross the hall. To enter the Department of Fundamental Microbiology (DMF), pass the glass tunnel through a small garden and you will arrive in the DMF cafeteria. Go through the automatic sliding glass door on your left. The office is the third door on the right, the lab is at the end of the corridor.
