The BioScience Network Lausanne invites you to participate in the 7th edition of the Life Science Career Day (LSCD) organized in collaboration with the Faculty of Biology and Medicine of the University of Lausanne. The event will take place on the 16th of May 2018 at the Lausanne University Hospital (CHUV), Main Building.

LSCD helps young scientists discover, prepare for and get excited about career opportunities in industry. The event includes several sessions of presentations, workshops and round tables dedicated to career-related skills, Life Science career options and much more.

A highlight of our event is the Networking Forum, where company booths are presented alongside alumni and associations’s stands. Participation in the Networking Forum is an excellent opportunity to promote your company and attract talents in the Life Science Industry. Hosting a booth will allow you to both increase your visibility and meet motivated and skilled graduates (and undergraduates) who are eager to learn more about your company.
