BioScience Network Lausanne (BSNL) invites you to participate in the 9th edition of the Life Science Career Day (LSCD) organized in collaboration with the Faculty of Biology and Medicine of the University of Lausanne. The event will take place on May 7th, 2020 at our new venue, the SwissTech Convention Center.

LSCD helps young scientists discover, prepare for and get excited about career opportunities in industry. The event includes several sessions of presentations, workshops and round tables dedicated to career-related skills, life science career options, and much more.

A highlight of our event is the Networking Forum, where company booths are presented alongside alumni and associations’ stands. Participation in the Networking Forum is an excellent opportunity to promote your company and attract new talent. Hosting a booth will allow you to both increase your visibility and meet motivated and skilled graduates (and undergraduates) who are eager to learn more about your company.
Join us at our prestigious new venue!
