The organisation for mid-level staff and PhD students at the University of Lausanne (ACIDUL) and the Public Services Union (SSP/VPOD) will be hosting an event to discuss the unemployment rights of PhD students and mid-level staff (*corps intermédiaire*) at UNIL. Two members of a new organisation that defends the rights of the unemployed will explain the procedures to follow in anticipation of unemployment, present your rights as Swiss, European or extra-European researchers, and answer your questions.

Presentations will be in French and in English. Refreshments will be provided afterwards. Come and join us!
