| 既往资助方代表 |

近年来,中瑞两国学者在传承法庭科学历史、探索证据科学前沿领域方面不断深耕。中瑞证据科学联合研究中心以聚焦科学证据的程序与技术管理,推动司法文明为核心目标,十年来搭建了全球证据科学领域的重要国际交流平台,促进了跨学科、跨国境等多方面的学术交流与合作,取得丰硕成果并引领全球该领域研究。

In recent years, scholars from China and Switzerland have been deeply engaged in passing on the history of forensic science and exploring the frontiers of evidence science. Over the past decade, the Sino Swiss Evidence Science Research Center SSERC has pursued its core mission of advancing judicial civilization through focused research on procedural and technical management of scientific evidence. It has established a pivotal international platform for global evidence science discourse, driving interdisciplinary and cross-border academic exchanges and collaborations. These efforts have yielded remarkable achievements, positioning the Center at the forefront of worldwide research in this field.

Preface

卷首语

Decade

十年征程·始于足下

荣耀起点：合作历程与基石

Decade Partnership | 携手十年·共证未来 |

中瑞证据科学联合研究中心成立十周年

2012年9月，在“2011计划”司法文明协同创新中心的支持下，中国政法大学与瑞士洛桑大学正式签署框架合作协议，并约定双方将在教师互访、学生交换、博士研究生联合培养、联合举办国际会议等方面开展实质性合作。

In September 2012, with the support of the 2011 plan, China University of Political Science and Law and the University of Lausanne formally signed an agreement concerning the implementation of the plan of collaboration and innovation, and agreed to carry out substantial cooperation in terms of faculty and student exchange, as well as co-organizing international conference.

A Decade Built on Solid Footing

A Glorious Starting Point: The Journey and Foundation of Partnership

Establishment Of The Center

中心成立

2013年12月，中瑞证据科学联合研究中心正式揭牌成立，这为中瑞两所院校的合作提供了更为坚实的载体。中国政法大学证据科学教育部重点实验室和瑞士洛桑大学刑事司法学院为中瑞双方的依托平台，合作交流瞄准国际司法文明发展过程中科学证据的程序管理与技术管理问题，开展原创性研究，并构建法庭科学领域的拔尖领军人才和创新团队。

In December 2013, the Sino Swiss Evidence Science Research Center was officially inaugurated, which provides an important foundation for the collaboration between the two universities.

A two-sided platform was composed of the Key Laboratory of Evidence Science from CUPL, as well as the School of Criminal Justice from UNIL.

Our collaboration focus on the current breakthroughs and new directions in the field of evidence science and aims at improving the procedure as well as the technology.

We tried to build up the best innovation teams in this field.

Our Emblem

我们的象征

主体权威 以学术殿堂为框架，彰显证据科学的崇高与权威。

核心象征 殿堂中心置入精准天平，直接象征法律的公正。

支柱理念 两侧对称拱形门柱融入字母“E”（Evidence/证据）和“S”（Science/科学），点明“以科学方法研究证据”的核心使命。

色彩深意 主色调天青色，体现理性、客观的科学精神，呼应探索前沿使命，契合中西文化积极寓意及中瑞合作背景。

Subject & Authority Framed by an academic hall, it highlights the loftiness and authority of evidence science.

Core Symbol A precise balance at the hall's center directly symbolizes legal justice. Symmetrical arched columns on both sides integrate "E" (Evidence) and "S" (Science), clarifying the mission of "studying evidence with scientific methods".

Color Significance The main color, sky - blue, reflects rational and objective scientific spirit, echoes the mission of exploring frontiers, and fits the positive meanings in both Chinese and Western cultures, as well as the Sino - Swiss cooperation context.

September 2022 · Hybrid Platform (Lausanne, Switzerland & Beijing, China)

The Symposium topic was Current Directions for Science, Evidence and Judicial Proof.

Pioneering Impact Collective Advancement

辐射引领·共建共享

中瑞两校之间的合作已突破校园的界限,而上升为中瑞“两国”在法庭科学领域的实质性交流。截至目前,包括司法部公安部物证鉴定中心、司法鉴定科学研究院、中国人民公安大学、北京市公安局、辽宁省公安厅等多家中国公检法系统的政府机构、高等院校以及科研院所,均参与到中瑞法庭科学联合实验室的建设中,共同致力于我国司法文明的事业发展。

The cooperation between the two universities has broken the boundaries of the two universities and become a substantive exchange between the two countries in the field of forensic science. Many government agencies, universities and research institutes are involved in the construction of the Sino Swiss Scientific Evidence Research Center, and are working together for the development of judicial civilization in the whole world.

Dear Friends:

We are celebrating ten years of a fantastic and fruitfull collaboration between China, Switzerland. Over the years, we had the immense opportunity to discover each other, to gain knowledge about each other perspective, to discover culture, to exchange on both personal and professional level to a point. And we can say that this collaboration has been very vivid and we have experienced it together. It has been a real privilege for me to be part of this exchange all over years. And I look forward over next ten years, enjoy this elaboration, take most of it, and continue to develop evidence, proof and forensic science.

亲爱的朋友们：

我们正在庆祝中国与瑞士之间在科学证据领域长达十年的精彩而富有成果的合作。多年来，我们有幸相互了解，增进对彼此观点的认识，探索文化，并在个人和职业层面进行交流。可以说，这种合作非常生动，我们共同经历了这一切。能够参与这一交流，对我来说是一项真正的荣幸。展望未来十年，我期待继续深化这一合作，充分利用其成果，并持续推动证据学、法医学及相关领域的科学发展。

中瑞证据科学联合研究中心成立十年，给我印象最深的是，中方11位教师轮流到洛桑大学访问1个月，每天与洛桑同行一起工作；同时，洛桑大学一位博士连续2年，一位硕士连续半年，来我院进行深度交流.....我们期待下一个十年！

During the last ten years after the establishment of the Sino Swiss Scientific Evidence Research Center, the most impressive affair in my mind was that 11 faculty members and experienced forensic scientists from CUPL had spent 1 month in UNIL and had been working with our Swiss colleagues. Meanwhile, from the Swiss side, we have Durdica and Janäine with us for 2 years and half a year respectively, which let us have a closed look of different cultures. Looking forward to the next decade.....
