

SYNAPSY NETWORK TRAINING on TRANSLATIONAL PSYCHIATRY

Organizers Paul Klauser (UNIL) & Indrit Bégue (UNIGE)

0.5 ECTS per module

Summary The course is an initiative of the Synapsy network and its members. In several modules, students will learn about various topics in translational neuropsychiatry, from synapses to networks, get to know about neuro(a)typics and techniques of investigations, intervention approaches and outcomes. Each module contains 3-4 sessions where researchers active in the NeuroLeman Network will present their work, ranging from methods to applications, in animals, humans and in silico.
The course is arranged in a modular fashion and (mostly) held online. Participants can choose the modules they want, but the introductory **Module 1 is MANDATORY and will take place as IN-PERSON half-day session** so that participants get to know each other.

Course dates and location **Module 1 (mandatory for ALL students in other modules)** will take place on **Thursday, 30 January 2025, from 9-14h30**, at [UNIL-Sorge, Amphipole building, room 318](#). Take metro M1 from Lausanne or Renens.
Other modules: Course dates and speakers are announced in the course moodle (see below for access information). Course sessions will take place on Thursday afternoons from 15-17h by default and on zoom:
<https://unil.zoom.us/j/92112112006>
Please keep your camera on throughout the zoom sessions; they are meant to be interactive and active participation is wanted!

Short-notice modifications are possible due to speaker (un-)availability; please check via the course moodle and messages sent via the course moodle).

Module 1 (mandatory for all participants): Introduction to Psychiatric Neuroscience

Further modules: Autism, Schizophrenia, Anxiety and Mood, PTSD

Course moodle

- go to ["https://moodle2.unil.ch"](https://moodle2.unil.ch)
- log in with your institutional address (unige, unil, epfl)
- click on "[Faculté de Biologie et de Médecine](#)" > "[Ecole doctorale / doctoral school](#)" > "[Lemanic Neuroscience Doctoral School](#)"
- course materials and papers will be stored under "Translational Psychiatry"

In case of problems contact Ulrike.toepel@unil.ch.

- Evaluation** Active participation required; you need to attend at least 2/3 or 3/4 sessions of a module to validate the ECTS points. Following each module, a quiz will be available via the course moodle. You need to take the quiz within the period announced for completion and answer at least 60% of the questions correctly.
- Registration** Please **register by January 15 via the Moodle platform** and pick the modules you want under “ACTION REQUIRED > Registration”.
