BioScience Network Lausanne (BSNL) invites you to participate in the 9th edition of the Life Science Career Day (LSCD) organized in collaboration with the Faculty of Biology and Medicine of the University of Lausanne. The event will take place on **October 21st, 2020** at our new venue, the SwissTech Convention Center.

LSCD helps young scientists **discover, prepare for and get excited about career opportunities** in industry. The event includes several sessions of **presentations, workshops and round tables** dedicated to **career-related skills**, life science career options, and much more.

A highlight of our event is the **Networking Forum**, where company booths are presented alongside alumni and associations’ stands. Participation in the Networking Forum is an excellent opportunity to **promote your company** and attract new talent. Hosting a booth will allow you to both increase your visibility and **meet motivated and skilled graduates (and undergraduates)** who are eager to learn more about your company.
The program of LSCD’20 has been adapted to ensure a pleasant and safe experience for all participants and guests.

- All federal and cantonal safety rules will be strictly followed
- Limited number of people in the hall and in the auditorium
- Live broadcast from the auditorium to the hall
- Hygienic masks will be mandatory
